METRONIDAZOLE TABLETS

Aurobindo Pharma gets USFDA nod

NEW DELHI: Aurobindo Pharma has received US health regulator's approval to manufacture and market Metronidazole Tablets, used to treat various kinds of infections, in the US market. The company has received final approval from the US Food and Drug Administration (USFDA) to manufacture and market Metronidazole tablets in strengths of 250 mg and 500 mg, the Hyderabad-based firm said in a statement. "Aurobindo will commence shipping shortly," it added. The company's product, which is the generic equivalent of GD Searle LLC's Flagyl, is used in treating various infections caused by bacteria and some other organisms. — PTI
