CONJUNCTIVITIS DRUG

Aurobindo Pharma gets USFDA nod

NEW DELHI: Drugmaker, Aurobindo Pharma has received approval from the U.S. health regulator for generic Olopatadine Hydrochloride ophthalmic solution, used for treatment of seasonal allergic conjunctivitis, and is ready to launch the product in the American market. "The company has received final approval from the United States Food & Drug Administration (USFDA) to manufacture and market Olopatadine Hydrochloride Ophthalmic Solution USP in the strength of 0.1 per cent," Aurobindo Pharma said in a regulatory filing on Tuesday. The product is generic version of Alcon Laboratories Inc's Patanol ophthalmic solution/drops in the same strength, it added. — PTI
