

■ **Natco Pharma Launches Hepatitis C Drug in Nepal**

NEW DELHI: Natco Pharma has said it has launched generic Hepcinat LP, which is in the treatment of chronic Hepatitis C infection in adults, in Nepal. NATCO priced its generic medicine, Hepcinat LP, at ₹25,000 for a bottle of 28 tablets in Nepal, the company said in a filing to the BSE. Hepcinat LP is generic version of Ledipasvir and Sofosbuvir combination and is used in the treatment of chronic Hepatitis C (CHC) genotype 1 infection in adults. Natco signed a non-exclusive licensing pact with Gilead Sciences earlier in 2015.
