Where Article 10 (ii) above applies and where either party has, by reason of anything done by another party in the performance of the Agreement, derived a benefit before the termination of the Agreement, the party deriving such a benefit shall pay to the other party a sum of money equivalent to the value of such benefit.

11. The parties hereto recognize that, any dispute or difference between the parties in context to this Agreement or matters incidental thereto shall be taken up for

resolution, through AMRCD and guidelines thereof, of the Department of Legal Affairs, Ministry of Law & Justice, No. 334774/DoLA/AMRD/2019 dated 31st March 2020 and as amended, supplemented, updated and/or augmented from time to time. In this context, all disputes arising out of or related to this Agreement, including without limitation all matters connected with its performance, will be governed by, and construed and interpreted under the laws of India.

12. From time to time during the Term, either Party (as the “Disclosing Party”) may disclose or make available to the other Party (as the “Receiving Party”) information about its business affairs, goods and services (including any Forecasts), confidential information and materials comprising or trade secrets, third-party confidential information and other sensitive or proprietary information. Such information, as well as the terms of this or other Agreement and other information that by its nature can reasonably be expected to be considered confidential, whether orally or in written, electronic or other form or media, and whether or not marked, designated or otherwise identified as “confidential” constitutes “Confidential Information” hereunder. Confidential Information does not include information that at the time of disclosure: (a) is or becomes generally available to and known by the public other than as a result of, directly or indirectly, any breach of this Article-12(i) by the Receiving Party or any of its Representatives; (b) is or becomes available to the Receiving Party on a non-confidential basis from a third-party source, provided that such third party is not and was not prohibited from disclosing such Confidential Information; (c) was known by or in the possession of the Receiving Party or its Representatives prior to being disclosed by or on behalf of the Disclosing Party; (d) was or is independently developed by the Receiving Party without reference to or use of, in whole or in part, any of the Disclosing Party’s Confidential Information; or (e) is required to be disclosed pursuant to applicable Law; provided, that the Receiving Party (i) provide prompt written notice thereof to the Disclosing Party to enable the Disclosing Party to seek a protective order or otherwise prevent such disclosure and (ii) disclose only that portion of the Confidential Information required to comply with such requirement. Further:

- i. The Receiving Party shall, from disclosure of such Confidential Information: (a) protect and safeguard the confidentiality of the Disclosing Party’s Confidential Information with at least the same degree of care as the Receiving Party would protect its own Confidential Information, but in no event with less than a commercially reasonable degree of care; (b) not use the Disclosing Party’s Confidential Information, or permit it to be accessed or used, for any purpose other than to exercise its rights or perform its obligations under this Agreement; and (c) not disclose any such Confidential Information to any Person, except to the Receiving Party’s Representatives who need to know the Confidential Information to assist the Receiving Party, or act on its behalf, to exercise its rights or perform its obligations under this Agreement. The Receiving Party shall be responsible for any breach of this Article caused by any of its Representatives.

- ii. On the expiration or earlier termination of this Agreement or at any time during or after the Term, at the Disclosing Party's written request, the Receiving Party and its Representatives shall, promptly return or permanently destroy all Confidential Information and copies thereof that it has received under this Agreement, except where prohibited by applicable Law.
 - iii. The Parties acknowledge and agree that: (a) a breach or threatened breach by a Party of any of its obligations under Article-12 (Confidentiality) would give rise to irreparable harm to the other Party for which monetary damages would not be an adequate remedy and (b) in the event of a breach or a threatened breach by a Party of any such obligations, the Parties shall, in addition to any and all other rights and remedies that may be available to a Party at law, at equity or otherwise in respect of such breach, be entitled to equitable relief, including a temporary restraining order, an injunction, specific performance and any other relief that may be available from a court or an arbitral tribunal or a tribunal or an appropriate machinery of dispute resolution of competent jurisdiction, without any requirement to prove actual damages.
- 13.** Integrity must prevail throughout the life-cycle of a business transaction, from its negotiation to its performance and resulting remuneration. In that very context, the PMA agree and undertakes that, at all times in connection with and throughout the term of the Agreement and thereafter, it will comply with and that it will take reasonable measures to ensure that its subcontractors, agents or other third parties, subject to its control or determining influence, will comply with the following provisions:
- i. PMA will prohibit the following practices at all times and in any form, in relation with a public official at the international, national or local level, an official or candidate to political office, and an officer, employee or a professional engaged on fixed term basis of DoP, whether these practices are engaged in directly or indirectly, including through third parties:

 - d) Laundering the proceeds of the Corrupt Practices mentioned above is the concealing or disguising the illicit origin, source, location, disposition, movement or ownership of property, knowing that such property is the proceeds of crime.
- ii. With respect to third parties, subject to the control or determining influence of PMA, including but not limited to agents, consultants, subcontractors, franchisees, lawyers, accountants or similar intermediaries, acting on the PMA's behalf in connection with the negotiation of contracts, the obtaining of licenses, permits or other authorizations, or any actions that benefit the PMA or as subcontractors in the supply chain, PMA should instruct them neither to engage nor to tolerate that they engage in any act of corruption; not use them as a conduit for any corrupt practice; and hire them only to the extent appropriate for the conduct of the PMA's business.
 - iii. The PMA further affirms, to take the necessary remedial action in a reasonable time and to inform DoP about such action, if the DoP, as a result of the exercise of audit, inspection, investigation or otherwise brings evidence that the PMA has been engaging in material or repeated breaches of the instant Article, and notify the PMA accordingly. If no remedial action is taken or, as the case may be, the defence is not effectively invoked, the DoP may, at its discretion, terminate the Agreement, it being understood that in such cases DoP shall reserve rights to recover all payments disbursed or paid in PMA Charges, as far as permitted by applicable law.

14. The Services to be offered by PMA hereunder are professional in nature, and DoP has engaged PMA as a result of PMA's expertise relating to such Services. PMA, therefore, acknowledge that it will not assign, sell, transfer, delegate or otherwise dispose of this Agreement or any right, duty or obligation under this Agreement without the prior written consent of the DoP, which consent shall be within the sole and absolute discretion of DoP.

16. On points where disagreement(s) persists, matter may be referred to Secretary, DoP for a decision which shall be final and binding on both the parties.
17. The Parties expressly acknowledge that all audit rights, payment, confidentiality, indemnification obligations or provisions of this Agreement which by their express or implied terms extend beyond the termination of the PMA's services hereunder, or beyond the termination of this Agreement, shall survive the expiration or termination of this Agreement and effect notwithstanding the termination of the PMA's services or the termination of this Agreement for any reason.
18. All notices, requests, consents, claims, demands, waivers and other communications under this Agreement (each, a "Notice") must be in writing, and addressed to the other Party at its address set forth below (or to such other address that the receiving Party may designate from time to time in accordance with this Article). All Notices must be delivered by personal delivery, courier, post, or Official e-mail. Except as otherwise provided in this Agreement, a Notice is effective only (a) on receipt by the receiving Party, and (b) if the Party giving the Notice has complied with the requirements of this Article.

19. This Agreement and any other Agreement(s), instruments, undertakings or otherwise herein contemplated to be entered into among, by or with the Parties hereto constitute the entire Agreement between the Parties hereto pertaining to the subject matter hereof and supersede all prior understandings, negotiations, and discussions, whether oral or written, of the Parties hereto. The annexures (agreements, undertakings, bonds etc.) if any, attached to this Agreement form an integral part hereof. Further, this Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement.
20. In connection with this Agreement and all transactions contemplated by this Agreement, PMA hereto accept to execute and deliver such additional documents and instruments and to perform such additional acts as may be necessary or appropriate to effectuate, carry out and perform all of the terms, provisions and conditions of this Agreement and all such transactions.

None of the following constitutes a waiver or estoppel of any right, remedy, power, privilege or condition arising from this Agreement: (i) any failure or delay in exercising any right, remedy, power or privilege or in enforcing any condition under this Agreement; or (ii) any act, omission or course of dealing between the Parties.

- 22.** The parties acknowledge that this Agreement constitutes as single and entire understanding that is not severable or divisible, except that if any provisions herein are found to be invalid, the remaining provisions shall continue in full force and effect. Upon a determination that any term or provision is invalid, illegal or unenforceable, the Parties shall negotiate in good faith to modify this Agreement to effect the original intent of the Parties as closely as possible in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.
- 23.** This Agreement shall be binding upon the parties hereto and their respective heirs, executors, administrators, successors, personal representatives, and permitted assigns.
