

HEALTH REVENUE TO GROW

Healthcare players
are expected to
grow 10-15%

Revenues of most healthcare players are expected to grow 10-15 per cent in 2014-15 due to addition of more beds, but overall profitability might be affected by a long break-even period and high manpower costs, says a report. Credit profiles, especially of the stand-alone hospitals with recent bed additions, are may be stressed in FY15, Ind-Ra report said. — PTI
