

■ Strides, USFDA Working on Import Alert on Unit's Products

NEW DELHI Strides Arcolab on Wednesday said it is working with the US health regulator to ascertain how medicines not meant for the

American market reached the country after it was slapped with import alert on products made at the plant of its Italian arm. An import alert was issued by USFDA on its website concerning certain products manufactured by the company's subsidiary Beltapharm SpA, Italy, Strides Arcolab said.

Company
